Duties of the Board

The Board of Adjustment makes decisions on the following items:

- Variance Applications
- Special Exceptions Applications
- Requests for Rehearing
- Parking Requirements Modifications
- Zoning Interpretations

Purpose

The board of adjustment shall receive and hear appeals in cases involving the ULDR, to hear applications for temporary nonconforming use permits, special exceptions and variances to the terms of the ULDR, and grant relief where authorized under the ULDR. The board of adjustment shall also hear, determine and decide appeals from reviewable interpretations, applications or determinations made by an administrative official in the enforcement of the ULDR, as provided herein.

Variance Criteria

Each variance request must meet the following criteria as established in **Sec. 47-24.12.A.4**

- a. That special conditions and circumstances affect the property at issue which prevent the reasonable use of such property; and
- b. That the circumstances which cause the special conditions are peculiar to the property at issue, or to such a small number of properties that they clearly constitute marked exceptions to other properties in the same zoning district; and
- c. That the literal application of the provisions of the ULDR would deprive the applicant of a substantial property right that is enjoyed by other property owners in the same zoning district. It shall be of no importance to this criterion that a denial of the variance sought might deny to the owner a more profitable use of the property, provided the provisions of the ULDR still allow a reasonable use of the property; and
- d. That the unique hardship is not self-created by the applicant or his predecessors, nor is it the result of mere disregard for, or ignorance of, the provisions of the ULDR or antecedent zoning regulations; and
- e. That the variance is the minimum variance that will make possible a reasonable use of the property and that the variance will be in harmony with the general purposes and intent of the ULDR and the use as varied will not be incompatible with adjoining properties or the surrounding neighborhood or otherwise detrimental to the public welfare.
