

RESOLUTION NO. 13-98

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF FORT LAUDERDALE, FLORIDA, AMENDING THE FINAL OPERATING BUDGET OF THE CITY OF FORT LAUDERDALE, FLORIDA, FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2012, AND ENDING SEPTEMBER 30, 2013, BY APPROPRIATING FUNDS AS SET FORTH IN CITY COMMISSION AGENDA MEMO #13-0688 AND PROVIDING FOR AN EFFECTIVE DATE.

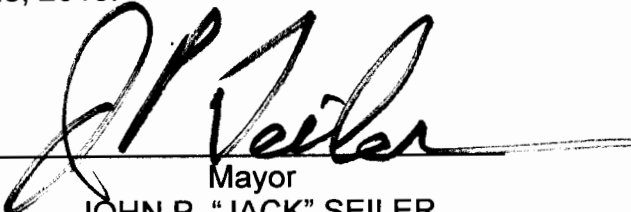

WHEREAS, pursuant to Resolution No. 12-175, adopted on September 18, 2012, the City Commission of the City of Fort Lauderdale adopted the Final Operating Budget of the City of Fort Lauderdale, Florida for the Fiscal Year beginning October 1, 2012, and ending September 30, 2013;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF FORT LAUDERDALE, FLORIDA:

SECTION 1. That the Final Operating Budget of the City of Fort Lauderdale for the Fiscal Year beginning October 1, 2012, and ending September 30, 2013, is hereby amended by appropriating funds as set forth in Commission Agenda Memo #13-0688, copy of which is attached hereto and incorporated herein.

SECTION 2. That this Resolution shall be in full force and effect upon final passage.

ADOPTED this the 4th day of June, 2013.

  
Mayor  
JOHN P. "JACK" SEILER

ATTEST:

  
City Clerk  
JONDA K. JOSEPH

**CITY OF FORT LAUDERDALE  
City Commission Agenda Memo  
REGULAR MEETING**

**#13-0688**

---

**TO:** Honorable Mayor & Members of the  
Fort Lauderdale City Commission

**FROM:** Lee Feldman, ICMA-CM, City Manager

**DATE:** June 4, 2013

**TITLE:** RESOLUTION - Consent resolution approving the consolidated budget amendment.

---

**Recommendation**

It is recommended that the City Commission adopt a resolution amending the Fiscal Year 2013 Budget.

**Background**

Budget amendments were previously submitted as separate agenda items and listed throughout the City Commission Agenda. Amendments are now consolidated into one agenda item for consideration at the first meeting of each month.

Examples of recommended actions within the consolidated budget amendment are:

- transfer between funds;
- transfer between capital and operating budgets;
- transfer between capital projects;
- acceptance and appropriation of grant funding;
- appropriation from fund balance; and
- appropriation for modified revenue and related expenditures.

Staff is recommending that the City Commission amend the FY 2013 Operating Budgets by approving the following transfers and appropriations:

## City Manager

### **A. Acceptance and appropriation of match funding – General Capital Projects Fund – Neighborhood Community Investment Plan (NCIP) –Imperial Point Association Street Posts - \$12,000.**

The City Commission awarded a 2012 NCIP matching grant to the Imperial Point Association, Inc. for the installation of decorative street signs and poles. The Association has provided \$12,000 as the match for the implementation of the project.

Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate revenue and expense accounts in the amount of \$12,000 for the Neighborhood Community Investment Plan (NCIP).

## Fire-Rescue

### **B. Transfer between operating budgets – General Fund – E911 Dispatch Services - \$2,022,322**

In order to properly account for the funding and payment of E911 Dispatch Services for the remainder of FY 2013, a transfer of funds is recommended from Fire-Rescue to the Police Department. Estimated costs in the amount of \$2 million will be expensed from the Police Department budget. Staff recommends that adopted budget funds for the E911 Dispatch Services be transferred from Fire-Rescue to the Police Department.

Staff recommends the City Commission amend the FY 2013 operating budget by amending the appropriate accounts in the amount of \$2,022,322 to continue to fund the E911 Dispatch Services.

## Parks and Recreation

### **C. Acceptance and appropriation of grant funding – Grants Fund – Broward County Land Stewardship Program - \$300,000**

The City was awarded the annual Parks for People Grant in the amount of \$300,000 to be divided evenly amongst Gore Betz, Lewis Landing, Hardy, and Hottt Parks. The grants will be used to implement “green” amenities, such as new pavilions, solar lighting, adult wellness zones, shade structures, energy efficient lighting and plumbing. The grant acceptances have companion items on this agenda: CAM 13-0754, 13-0755, 13-0756, and 13-0757.

Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate revenue and expense accounts in the amount of \$300,000 for the implementation of “green” amenities at Gore Betz, Lewis Landing, Hardy, and Hottt Parks.

**D. Acceptance and appropriation of grant funding – Grants Fund – Land Water Conservation Fund Grant - \$400,000**

The City was awarded a Florida Department of Environmental Protection (FDEP) grant in the amount of \$200,000, which requires a City match. The grant will be used towards the purchase of the Rivermont property, which is a prime location for the City to be used as a public access point to the North Fork of the New River. Remaining funds needed to complete the purchase may be acquired by private donors; however, ownership of the property will be transferred to the City. On May 21<sup>st</sup>, 2013 (CAM 13-0751), the City Commission recommended that City staff move forward with the site development and plans for the property. The City's portion of \$200,000 will be funded from park impact fees.

Staff recommends the City Commission amend the FY 2013 operating budget by amending the appropriate accounts in the amount of \$400,000 for purchase of the Rivermont property.

**Police**

**E. Appropriation and acceptance of grant funding – Grants Fund - Edward Byrne Memorial Justice Assistance Grant (Byrne/JAG) Program - \$15,000**

Each year the State of Florida receives an allocation of funds from the U.S. Department of Justice under the Edward Byrne Memorial Justice Assistance Grant (Byrne/JAG) Program. The State then passes these funds through to units of local government; the Broward Sheriff's Office (BSO) manages the allocations for all cities in Broward County. JAG funds can be used for any local law enforcement initiative and the City is permitted to use its discretion in deciding which projects to fund. This grant acceptance is a companion item on this agenda to CAM 13-0750.

In December 2012 (CAM 12-2500), the City was awarded \$56,943 in support of Operation Trend Buster II with a goal to reduce the sale of alcohol, tobacco products and marijuana to underage persons. Recently, the City has been awarded an additional \$15,000 from the same grant program to support training and additional overtime expenses related to Operation Trend Buster II.

Staff recommends the City Commission amend the FY 2013 operating budget by amending the appropriate accounts in the amount of \$15,000 to continue its efforts to reduce underage alcohol and drug activities.

**Public Works**

**F. Appropriation from fund balance – Water and Sewer General Capital Projects Fund – Small Water Main Improvements - \$625,516**

To facilitate the completion of various small water main improvements on SW 14 Street, SW 14 Court, SW 16 Street, SW 17 Avenue, SW 17 Street, and SW 18 Avenue in the Shady Banks neighborhood, additional funding is requested. The City will outsource the construction of the improvements to external contractors. The total estimated cost is

\$1,375,516 including \$1,158,591 for construction and \$216,925 for engineering fees. Of this amount, \$750,000 is already budgeted in the project, therefore, only the balance of \$625,516 is required. A portion in the amount of \$500,000 will be transferred from an existing project and the remaining balance from the fund balance. This contract is expected to be awarded at the August 20<sup>th</sup>, 2013 City Commission meeting.

Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the amount of \$625,516 to complete the various small water main improvements in the Shady Banks neighborhood.

**G. Appropriation from fund balance - Water and Sewer Bond Fund – South Middle River North, Small Water Mains - \$510,000**

To facilitate the completion of small water main project improvements to the South Middle River North, additional funding is requested. While City crews have been working in the area, an additional 3,000 feet of pipe needs to be replaced due to extensive pipe deterioration and damage. The construction, engineering and permitting costs are estimated at approximately \$170 per foot, for a total estimate of \$510,000.

Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the amount of \$510,000 to complete the necessary small water main project improvements.

**H. Transfer from operating budget to capital project – General Fund to General Capital Projects Fund - Flagler Drive Greenway and Bicycle Facility Phase 2 - \$50,000**

The City recently completed phase one of the Flagler Drive Greenway and Bicycle Facility project and will be proceeding with phase two. Phase two includes the installation of new pedestrian lighting, curbing along the project corridor, new drainage system with more landscaping features and milling and resurfacing of Flagler Drive from Andrews Avenue to Sunrise Boulevard. Construction costs are estimated at \$1,047,407, which will be funded by Florida Department of Transportation via a Local Agreement Partnership (LAP) in FY 2014. Funding from the FDOT does not include engineering fees and contingency costs estimated at \$50,000. Staff recommends funding these costs from the general fund grants match account to begin engineering plans and assessments.

Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the amount of \$50,000 to facilitate the engineering fees and contingency costs associated with phase two of the Flagler Drive Greenway and Bicycle Facility project.

**I. Transfer from operating budget to capital project – General Fund to General Capital Projects Fund – Change Order for Hortt Park Community Center - \$24,381.15**

To facilitate additional repairs and improvements to the Hortt Park Community Center, funding is needed in the amount of \$24,381.15. Additions to the contract for the community center include asphalt repairs, survey, sod, drainage pipes, concrete repair, electrical modifications, permit fees, administrative fees, etc. The change order to the

contract is a companion item on this agenda to CAM 13-0271.

Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the amount of \$24,381.15 to facilitate the change order to the Hortt Park Community Center.

**J. Transfer between capital projects – Gas Tax Fund - Funding for Concrete and Paver Restoration project - \$153,806**

Staff has been evaluating sidewalks citywide to determine areas in need of immediate repair. Additional funding in the amount of \$153,806 is needed for restoration of right-of-way tree damaged sidewalks that require immediate repairs in an effort to mitigate any potential hazards. The funding is recommended to be transferred from the Street Improvement Project.

Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the amount of \$153,806 to increase the funding necessary to repair damaged sidewalks throughout the City.

**Sustainable Development**

**K. Appropriation from fund balance – Building Fund – Demolition for unsafe buildings and structures - \$500,000**

Due to the steady decline in the economic environment, the number of abandoned and unsafe buildings and structures has increased. These unsafe structures have become a public nuisance and a serious health and welfare concern of our neighbors. The Unsafe Structures Board recommended abandoned buildings or structures that are rendered unsafe be demolished. Demolishing these abandoned and unsafe structures will enhance the general look, feel, and perception of the City. Demolition services are estimated at \$500,000, of which funds are available in the Building Fund's fund balance.

Staff recommends the City Commission amend the FY 2013 operating budget by amending the appropriate accounts in the amount of \$500,000 to facilitate the demolition process for unsafe buildings and structures.

**L. Transfer from operating budget to capital project – Building Technology Fund – OneSolution Software System Upgrade project - \$441,000**

On February 19, 2013 (CAM 12-2419), the City Commission approved the purchase and contract with Sungard Public Sector to upgrade City software systems for alarm billing, business taxes, cash receipts, permitting, etc. On November 6, 2012 (CAM 12-2304), the City Commission also approved the appropriation of funding for this software upgrade into an operating account; however staff recommends that funding be captured as a capital project instead of an operating expense.

Staff recommends the City Commission amend the FY 2013 Community Investment Plan

(CIP) and Budget by amending the appropriate accounts in the amount of \$441,000 to facilitate the OneSolution Software system upgrade.

### **Transportation and Mobility**

#### **M. Appropriations from fund balance – Airport Fund - Funding for the Executive Airport Lighting Control Panel for Tower - \$510,000**

The Fort Lauderdale Executive Airport's (FXE) new Air Traffic Control Tower (ATCT) is currently under construction on the south end of the Airport and is scheduled to be operational in FY 2014. Prior to its completion, FXE is required to provide a new Airfield Lighting Computer Controlled Monitoring System to be located in the new ATCT facility (both in the cab and base building) and in the existing airfield lighting electrical vault. The estimated cost for a consultant to perform the electrical design services required to provide a new lighting control panel system, supplies and materials, and construction are approximately \$510,000.

Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the amount of \$510,000 for the Executive Airport Lighting Control Panel for the new tower.

#### **N. Transfer between capital projects – Parking Fund - Funding for Parking Lot Improvements - \$1,200,000**

The Parking Services Division has developed a number of best sustainable practices for City parking lots. As part of this effort, a number of sustainable components will be introduced to the City's surface lots including a solar reflective lot coating designed to divert up to 40% of the solar energy normally absorbed. In addition, bike racks will be installed; all plants will be Florida native vegetation with low moisture requirements; electric vehicle charging stations will be added; and new energy efficient light fixtures designed to significantly reduce power consumption will be installed. The estimated cost to complete these projects in ten priority parking lots is approximately \$1,200,000.

Funds are available and will be transferred from the Aquatics Center/Parking Garage capital project since the project will be funded through parking bonds. Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the amount of \$1,200,000 for the Sustainable Parking Lot Improvement Project.

**Resource Impact**

The fiscal impact in the various funds is outlined in the tables below. The letters below correspond to the descriptions in the background section of this document.

Where applicable, the approval of companion agenda items listed below is contingent upon the approval of the respective companion items as part of this consolidated budget amendment.
