**REGULAR MEETING**

**#13-1087**

---

**TO:** Honorable Mayor & Members of the  
Fort Lauderdale City Commission

**FROM:** Lee Feldman, ICMA-CM, City Manager

**DATE:** September 3, 2013

**TITLE:** RESOLUTION - Consent resolution approving the consolidated budget amendment

---

**Recommendation**

It is recommended that the City Commission adopt a resolution amending the Fiscal Year 2013 Budget.

**Background**

Budget amendments were previously submitted as separate agenda items and listed throughout the City Commission Agenda. Amendments are now consolidated into one agenda item for consideration at the first meeting of each month.

Examples of recommended actions within the consolidated budget amendment are:

- transfer between funds;
- transfer between capital and operating budgets;
- transfer between capital projects;
- acceptance and appropriation of grant funding;
- appropriation from fund balance; and
- appropriation for modified revenue and related expenditures.

Staff is recommending that the City Commission amend the FY 2013 Operating Budget and Community Investment Plan by approving the following transfers and appropriations:

## City Manager

### **A. Acceptance and appropriation of grant funding – Grants Fund – National Night Out Against Crime - \$1,000**

The City received a donation of \$1,000 from Target Corporation to support the City sponsored National Night Out Against Crime event. Some items purchased for this event included backpacks and school supplies. The grant acceptance, CAM 13-1178, is a companion item on this agenda.

Staff recommends the City Commission amend the FY 2013 operating budget by amending the appropriate accounts in the Grants Fund, in the amount of \$1,000 to facilitate the reimbursement of the backbags and school supplies that have been already purchased for the National Night Out Against Crime event.

## Fire Rescue

### **B. Acceptance and appropriation of grant funding – Grants Fund – Community Emergency Response Team (CERT) program and Citizens Corp program - \$15,000**

The City of Fort Lauderdale was awarded \$15,000 from the State of Florida Division of Emergency Management to fund the Community Emergency Response Team (CERT) program in the amount of \$7,500 and the Citizens Corps program in the amount of \$7,500, which do not require a match. These grant programs promote partnership between local emergency service providers and the citizens that they serve, by training citizens in basic emergency preparedness, response and recovery skills and other preparation necessary to function as auxiliary personnel to first responders. These funds will be used to pay instructors and training materials. The grant acceptances, CAM 13-1011 and CAM 13-1012, were approved at the August 20<sup>th</sup>, 2013 City Commission meeting.

Staff recommends the City Commission amend the FY 2013 operating budget by amending the appropriate revenue and expense accounts in the Grants Fund, in the amount of \$15,000; \$7,500 for the CERT program and \$7,500 for the Citizens Corps program.

### **C. Acceptance and appropriation of grant funding – Grants Fund – Urban Area Security Initiative (UASI) Grant program - \$75,000**

The City of Fort Lauderdale was awarded the UASI grant in the amount of \$75,000 and it does not require a match. Grant funds will be used towards enhancements to the Citizens Corps programs, such as attending the regional conference and purchasing equipment, uniforms, and training materials. The grant acceptance, CAM 13-1034, was approved at the August 20<sup>th</sup>, 2013 City Commission meeting.

Staff recommends the City Commission amend the FY 2013 operating budget by amending the appropriate revenue and expense accounts in the Grants Fund, in the amount of \$75,000 for the UASI grant.

## Information Technology Services

### **D. Appropriation from fund balance – Parking System and Central Service Funds – Upgrade Parking Management System - \$319,470**

The City is in the process of upgrading its parking citation and collection software. An upgraded parking management system will expand the uses to include processing of the red light camera citation appeals and license plate recognition system. To ensure a fully integrated functioning system, the network server and disk storage system must be replaced. The estimated cost of the upgrade is \$319,470. The proprietary purchase, CAM 13-1099, is a companion item on this agenda.

Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the amount of \$319,470 to upgrade the Parking Management System.

## Parks and Recreation

### **E. Appropriation from fund balance – Park Impact Fee Fund – Fitness equipment at Riverwalk Park - \$40,000**

In an effort to activate and improve the health of the community through exercising options in the Riverwalk Park, staff recommends the installation of fitness equipment and mile markers. Fitness equipment will include, but not limited to a chest/back press, squat press cardio stepper, balance steps and stretch bars. Cost of the equipment and mile markers is estimated at \$40,000 for the Riverwalk Park.

Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the amount of \$40,000 to facilitate the purchase and installation of fitness equipment and mile markers for the Riverwalk Park.

## Public Works

### **F. Transfer from operating budget to capital project – Central Regional Wastewater System Fund- Epoxy polymer lining - \$157,900**

During rehabilitation and cleaning of the bioreactor trains at the George T. Lohmeyer (GTL) Wastewater Treatment Plant, an epoxy polymer lining (protective coating) was found to be deteriorated and needs replacement. This lining protects the bio-reactor from exposure to acids and sulfides that build up during treatment process. The lining has never been replaced since it was installed in 1982. The estimated cost of the epoxy polymer lining is \$157,900.

Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the amount of \$157,900 to replace the epoxy polymer lining of Reactor Train A.

**G. Transfer between capital projects – Fire Rescue Bond 2005 Series –Temporary Fire Station 54 - \$75,000**

To complete the Temporary Fire Station 54, additional funding for electrical services is needed in the amount of \$75,000. It is recommended to fund this additional expense from completed projects, Temporary Fire Station 49 (\$6,782.18) and Fire Station 35 (\$68,217.82).

Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the amount of \$75,000 to complete Temporary Fire Station 54.

**H. Transfer between capital projects – Water and Sewer General Capital Projects Fund – Sewer pipe replacement - \$150,000**

A portion of sewer pipe (1,000 linear feet) near the 3600 block of southwest 21<sup>st</sup> street is severely damaged and needs replacement. This portion of the sewer pipe has been repaired numerous times but has reached the end of its useful life. Estimated cost of the replacement and construction of the sewer pipe is \$150,000. Funding for this pipe replacement is from a project established to repair and/or replace capital materials. The materials needed to replace and repair sewer pipes meet the criteria for funding from the project.

Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the amount of \$150,000 to fund the replacement of the sewer pipe.

**Transportation and Mobility**

**I. Appropriation between funds – General Fund/Parking System Fund – Annual Contract for ADA Modifications and Improvements - \$195,000**

This project will address Americans with Disabilities Act (ADA) upgrades, speed humps and other traffic calming measures, installation of enhanced crosswalks and associated features, various signage, installation of the multimodal connectivity map elements, and City lot and on-street parking features. The estimated cost of the construction and administration fees is \$195,000.

Staff recommends the City Commission amend the FY 2013 Community Investment Plan (CIP) and Budget by amending the appropriate accounts in the amount of \$195,000 to facilitate the Annual Contract for ADA Modifications & Improvements project.

**J. Modification of Revenue Budget – Parking System Fund – New Aquatics Center/Parking Garage - \$7,572,484**

On July 10th, 2012 (CAM 12-1110), the City Commission approved a plan to issue a revenue bond to fund the construction of the parking garage portion of the Fort Lauderdale Aquatics Center project. However, the bond has not been issued. Due to the

delayed issuance of the revenue bond, it is recommended that the total budget amount of \$7,572,484 be un-appropriated from the parking fund until the revenue bonds are issued.

Staff recommends the City Commission amend the FY 2013 operating budget by amending the appropriate revenue and expense accounts in the Parking Fund by the amount of \$7,572,484 to eliminate the budget established for the parking garage portion of the Fort Lauderdale Aquatics Center project.

**Resource Impact**

The fiscal impact in the various funds is outlined in the tables below. The letters below correspond to the descriptions in the background section of this document.

Where applicable, the approval of companion agenda items listed below is contingent upon the approval of the respective companion items as part of this consolidated budget amendment.
