This revenue is collected from individuals for red light violations in Fort Lauderdale. The fine is assessed at \$158.00 per certified violation.

Fiscal Capacity

Fort Lauderdale has contracted to install cameras at a total of forty-one (41) intersections during FY 2013. Multiple cameras can be installed at each location, depending on the number of approaches and lanes. Red light camera revenue is expected to cover the expense of administering the program in the short term, but over time, the revenue is likely to decrease as motorists become increasingly aware of red light camera locations. The City can increase this revenue source by increasing the number of cameras, however this fee charged for this revenue source is set by Florida State Statute.
